### Do We Sell Physical Products?

Yes, we offer a variety of physical products. However, we do not own a factory or purchase bulk products for direct selling. Instead, we operate mainly through a dropshipping model, where we earn a commission or profit by selling products from different brands.

---

### Do We Sell Just Any Product?

Absolutely not. Every product on our platform goes through a strict verification process. We focus on quality over quantity, ensuring that each item is authentic, trustworthy, and perfectly suited to your needs. Our goal is your complete satisfaction.

---

### Will We Launch Our Own Products?

InshaAllah, we plan to introduce our own branded and factory-produced items in the future. If Allah wills, we will be able to deliver

original products made under the Prohat Express name. For now, we are fully focused on providing online-based services.

---
